
Title: Last Of The Horsemen

Author:

Today on the 5th day of
May, the Last of the
Horsemen, Pestilence, has
finally left the relm.
His departure following
that of the Daemon Lord
Beleth, must mean that
our kind truly is near its
end in this relm. For
those left of our kind,
have hidden themselves
throughout this relm, or
gone on the journey for
which the last Horsemen
takes now. As I write
this, I can feel his grasp
of my soul weaken. I
travel now to the Well
of the Souls, which is all
but dried up now. I
must pay my respects to
this Deity that in hopes
I will find my way to
Oblivion in the near
future. I will not be like
the others, who's souls
were tied to the
Horseman Pestilence,
those who now say they
are free, I will die my
last breath, with the
words of Oblivion on
them. This is what the
Lord of Oblivion has
tought me, this is what I
will do.....
Walk in Darkness and
may Oblivion shroad you
in its shadows.
